Message from Dean

SVKM's NMIMS Kirit P. Mehta School of Law is recognized as a reputed law school in India committed towards the vision of providing quality legal education. Here, students gain rich exposure to the professional world of Law through academic excellence, research, internship skills, and other student centric activities. Our law school ensures all necessary academic and administrative support to the students to be professionals, as per the contemporary needs of the industry, society and nation. Academically, in our teaching programme, contemporary course outlines are designed using Blooms taxonomy that finely blends academic concepts with practical applications of Law and interdisciplinary studies are delivered through innovative teaching pedagogies. By meticulous mapping of Program Learning Outcomes (PLOs) with Course Learning Outcomes (CLOs), we ensure Assurance of Learning (AOL) in our courses.

Law being a dynamic discipline is always in flux. Unless one possesses critical thinking and analytical skills, meaningful comprehension of legal discourse is not possible. Lawyers must possess logical argumentative skills for which nurturing research skills becomes imperative. In KPMSOL, various research-based committees including Centre for Excellence and Law Review committee aim to promote research excellence among students. With active guidance from expert faculty members, a good number of students publish in peer-reviewed index journals. To meet the interdisciplinary needs of the B.A. LL.B. (Hons.) and B.B.A. LL.B. (Hons.) programme, our law school possesses experienced core faculties from diverse specializations in different subjects and streams. In addition, reputed academicians, renowned professional lawyers, Law firm consultants, and practitioners are invited as visiting professors to provide practical exposure of the legal profession to students.

The school conducts Distinguished Lectures, Competitions including Moot Court, Mediation, Debates, MUN, Legal Awareness Camps, In-house Seminars, Research Publications, Conferences, Workshops, Faculty Development Programs, Research Papers presentations by students, Projects, Internships, Cultural programs, Poetry / Quiz / Drama Clubs, etc. for the overall development of the student. As a placement driven University, our dedicated Placement team proactively assists students with internship opportunities and career placements.

KPMSOL aims to be one of the best institutes of legal education in the world. We aim to produce successful, socially responsible and accountable professionals. Our goal is to provide secular, inclusive, humane, modern and updated education as well as training to the young brains and to ensure that after obtaining Convocation from KPMSOL, they prove to be good human beings and successful individuals

in life with happiness. We ensure that the students of KPMSOL become an asset to the organization they serve and work with compassion and dedication in future.

To achieve the aforesaid, we provide non-academic support including a modern campus with the latest amenities and facilities, well-equipped Classrooms, Multipurpose Halls, Libraries, IT Labs, Resource Centers, Moot Court, Legal Aid Clinic, Placement Cell, Personality Enhancement and Development Cells, Cafeteria, Medical Facilities, Sports facilities and appropriate Professional Security of the Campus, to ensure the manifold development of the personality of the students, staff and faculty members, ensuring their pro-active involvement in the development of the law school. KPMSOL, therefore, is not merely an educational campus but a place catering to the wholesome development of the personality of the student that equips them to face the competitive world with utmost zeal and enthusiasm, with a high degree of intellectual and emotional quotient.

With these words, I welcome you to KPMSOL.

2. Placement Guidelines:

NMIMS is a premier University of the country and the B-school is in existence for over four decades. Over the years it has earned recognition from industry & professional associations, corporates, peer group institutions and accreditation agencies. All these laurels and recognitions would have been incomplete without the support of the corporate world. Our alumni occupy senior positions in leading companies across sectors.

NMIMS is also a great place to recruit potential young managers and business leaders. Leading companies across sectors consider our students for recruitments/ internships. As we have cordial relations with the corporate world, many companies have supported us even during tough times. We would like to continue this mutually symbiotic relationship. Hence, it is expected that students understand this sentiment and behave responsibly at all times. Any untoward incident will jeopardize this association and have serious repercussions for placements and for the future.

The corporate world expects students to display high standards of professional knowledge, capability and excellence. Recruiters also look for candidates who are clear about their long-term plans, the sector they want to be in and profile they want to undertake.

Career guidance and Placement assistance is offered to students of various programs across Schools & Campuses. The Placement Office facilitates the process of CV building, mock interviews, guest session for better industry exposure, internships & placement opportunities. Efforts are made to market the programs with their merits with an endeavour to get companies to offer internships/recruit students. The selection process specified by the company is followed by the Placement cell in order to facilitate the employers with the best legal minds. The Placement Committee of students is actively involved in various placement activities – starting from the very first year till their final year the placement cell representatives contact/visit companies located in metros & major cities for placement presentations and also coordinate various activities during the placement processes.

The Placement Office devises placement guidelines that are in the larger interest of the School and students, in consultation with students and faculty.

Students are expected to maintain decorum and abide by the guidelines during placement processes. In the event of non- conformance to the placement guidelines, the School reserves the right to initiate corrective actions.

The Placement process typically involves –

- Batch Preparation (Opt in/ Opt out statistics)
- Pre Placement Talks (Mock interviews as soft skill sessions)
- Internships/Projects
- Final Placements

2.1. Batch Preparation:

The Comprehensive Batch Preparation Program is to enhance the suitability of candidates and orient them to industry practices and expectations.

- a. Interactive sessions with alumni/industry experts in various profiles that help students to gain clarity on role/fit, understanding expectations of the company, future prospects - career evolution, right approach for cracking interviews, listen to first-hand experience & get a feel of life in a particular profile etc.
- b. Interaction with seniors who have undergone internships in companies.
- c. Assigning seniors or alumni as mentors to guide students.
- d. Mock interviews with alumni/corporates to get a direct feedback from people in relevant industries.
- e. Guest talks and workshops on various topics from corporates.
- f. Resume building as per guidelines
- g. Soft skills training etc.

2.1.1 Prior to the commencement of the selection process it is expected that students should be having a fair idea about their interest, sector and specialization or at least have some long term vision of where they want to be and should direct their efforts accordingly. A bit of clarity will help students land a good internship/job. An opt in opt out form is circulated by the placement cell in order to understand the statistics of the students who are interested to opt for the Placement drive.

2.1.2 Hence students should do a thorough research about the company, the business, the sector, other players in the sector, the financials etc. and be prepared with a background and fact file prior to the process. Also some additional information – the number of interns/recruits in the past, whether the company has a PPO policy, the roles offered, the experience of seniors who interned with the company etc. will be of help.

2.1.3 The Placement Office also involves companies in a number of Campus Engagement activities – contests, projects, workshops, seminars, and guest talks etc. that would benefit a larger number of students and also help in promoting the excellent quality of the batch.

2.1.4 Based on the guidelines, students will have to prepare their resume that would encapsulate info about academics, work experience, internship, co-curricular activities, extracurricular activities, projects, awards, achievements, hobbies etc.

2.2 Pre-Placement Talk – PPT

PPT's are a medium wherein the company officials disseminate information regarding the company, the profile, the compensation etc. and clarify the queries of students. The company officials invest time and effort to disseminate info and the interactive session will make them feel visiting our campus was worth it. Hence students are requested to participate and ask relevant questions in such sessions. Every student who has opted in for the Placement cell needs to be present in such sessions.

2.3 Internships/Projects

- 2.3.1 The Placement Office along with the student placement representatives makes all efforts to reach out for internships across varied sectors, companies and profiles. Based on ones' interests and capabilities one should seek internships. Choosing the correct company for internships and performing up to the mark is of utmost importance.
- 2.3.2 The Internships are not only a window to the corporate world but also a relationship-building tool for NMIMS school of law, the more we build such relations the maximum we fetch such opportunities for our students. It allows the companies to have a look at the talent at NMIMS, thereby strengthening the Final Placement drive.
- 2.3.3 Internships are an integral part of the curriculum for securing the degree. It is a great learning platform for our students and goes a long way in shaping the learning obtained in the classroom. This experience is of immense use to students to enable them to acclimatize themselves to the intricacies of the corporate world.
- 2.3.4 The project is expected to build on the theoretical learning with practical experience and help students to identify the gaps in their learning, which they can attempt to fill in. They could also discover areas of interest and future career options.
- 2.3.5 Interactions during the internships both with other interns as well as employees help students to understand the expectations/needs of the organization, the sector in general, to identify the gaps in their learning and in orienting oneself towards the sector and developing the required skill sets to emerge as the most suitable candidate. Once a student is selected for an internship opportunity, it is advised not to back out from the same as this behaviour of a student stands unacceptable and a student shall be blacklisted from the cell if he/ she practice such behaviour.
- 2.3.6 Internships also hold a special significance as it is an apt mechanism for companies to spot bright talent early. Many companies have structured internship process which is used as a 'testing ground' to gain a direct understanding of the skill and ability of students leading to declaration of PPO's/PPI's. NMIMS too encourages candidates to work towards such offers

that are based on internship performance.

2.3.7 Pre Placement Offer (PPO) is an Offer by the company to the intern acknowledging the excellent work done during the internship. Pre Placement Interview (PPI) is an opportunity by the company for the intern to be directly selected for the interview for final placements. Thus, the students should be careful in applying to the companies of their choice and should put in all efforts to convert the internship into an Offer. Thus, the seriousness of this cannot be overstated. It is compulsory for the students to share such data with the placement cell as and when asked to for record building purpose.

2.3.8 While feedback from the company is sought, the internship is also evaluated by School that could involve faculty guide monitoring the performance; periodic report submissions, evaluations, Viva Voce etc.

2.4 Final Placements

2.4.1 Leading companies across sectors aspire to recruit students of NMIMS. Each company has its own set of characteristics or qualities that they look for in a candidate. Hence, the company devises the eligibility criteria and selection process accordingly.

2.4.2 The process of selection starts with inviting applications based on the eligibility, profile, project, stipend/compensation details shared by the company. The applications of applicants are then sent to companies. Students are required to check their emails/Placement Portal/Student Portal, etc. regularly for information updates.

2.4.3 Every effort will be made to facilitate the placement process. However, it is the effort of the student that gets him/her selected for the job. Not getting selected for internships or during final placements in the first few companies should not lead to panic. Students are advised not to switch profiles in anxiety or haste.

2.4.4 Companies could have one or multiple rounds for selection – case analysis, group discussion, group exercises, interviews etc. Reasons like location, family issues etc. should not be constraints to students. They are expected to be mobile and have the capability to adjust and adapt and respond to emergent situations successfully.

2.4.5 Students who wish to drop out of the placement process are expected to formally notify the Placement Office vide the 'Opted Out Form' mentioning the reason, which could be higher studies, entrepreneurship, family business, seeking placements on their own giving with the names of such companies and details. The reason being, to iron out any hitches that may crop up later as the Placement Office approaches many companies and would like to continue the cordial relationship with them.

Placement department will be share guidelines related to Resume, PPT, ws, PPO's/PPI's,

Final Placements etc. with the batch, and it is expected that students should follow the same. It also reserves the right to change, modify the guidelines in the best interest of the batch. Students are free to approach the Placement Office for any queries or guidance.

2.5. Internship Policy

3 Guidelines for International Student Exchange Program (Wherever applicable)

3.1 Introduction

NMIMS Deemed-to-be-University has developed an extensive International Students Exchange Program in order to provide a cross cultural exposure and a global perspective to the students apart from classroom teaching. This is managed by Department of International Linkages of the University. The Exchange Program has become increasingly popular with the students and every year students get a chance to spend Semester/Trimesters at a partner Institute. With the dedicated efforts of the International Linkages department, efforts are ongoing to have larger number of students to avail of this unique opportunity in every school. Students at NMIMS also benefit from interacting with overseas students who visit us as part of NMIMS Inbound exchange program and International Immersions.

3.2 Preamble

In a world that is increasingly interdependent, it is imperative for the NMIMS Deemed-to-be-University to have an internationalization agenda. This involves creation of a multi ethnic environment in our programs on our campus. This can happen only when students from different countries and communities join NMIMS programs.

This policy on internationalization seeks to clarify the philosophy behind the NMIMS Deemed-to-be-University's Internationalization program and sets out the eligibility of students to apply for an international exchange program. It also sets out the selection criteria and guidelines for assessing applications and the expectations from the students going for the exchange program.

This policy also lays out the facilities for international students in our programs and also the expectations from them. We expect our foreign students to conduct themselves at par with other Indian students.

To aggressively pursue the internalization agenda, NMIMS has signed MOUs with leading Universities. MOUs applicable for NMIMS schools as given below:

1. Kirit P. Mehta School of Law (KPMSOL)

- Benjamin N. Cardozo School of Law – Yeshiva University

3.3 Eligibility

Students are selected by respective Deans of Schools on a competitive basis that reflects the academic standing, motivation, seriousness of purpose, communication skills, social maturity and adaptability. International students coming to our campus are recommended by respective partner's university on merit basis and language proficiency in English.

4. Examination Guidelines

(Internal Continuous Assessment (ICA) / Term / Trimester / Semester End Examination (TEE/ SEE), Passing Criteria, Grading system, method of calculation of CGPA, Re-Examination, exceptional cases – medical etc.)

Examination weightages and credits:

Break up for continuous evaluation of each course will be as under:

A student would undergo continuous assessment for each course/subject in all the semesters/trimesters. Various components of such continuous assessment would be as decided by the respective course/ subject teacher/ faculty and approved by Dean /Director of the school/ campus concerned.

Component	Marks
ICA Components: Mid Term / Unit Test / Project/ Assignment / Presentation/ Weekly Tests / Case Study/ Quizzes / any other (School)	50
SEE – Term /Trimester / semester-end examination (University)	50
Total	100

PASSING STANDARDS FOR EACH COURSE (SUBJECT):

Semester-end-exam Passing Criteria for each Course:

To pass in a particular course, in any of the Term /Trimester / Semester End examination or re-examination, a student must fulfil all of the following criteria:

- Secure a minimum of 40% marks in the Term /Trimester / Semester end examination of that course and
- Secure a minimum of 40% aggregate marks out of the total marks (that is, internal continuous assessment plus assessment of the Term /Trimester / Semester end examination) allotted to the course.
- For a course which has only internal continuous assessment component, passing will be at 40%.

Students who fail to fulfil above passing criteria would be awarded ‘F’ grade.

Non – fulfillment of Passing Criteria:

A student, who has failed to fulfil the passing criteria as given above, will be required to appear for term / trimester / semester-end re-examination which will be conducted immediately after declaration of results of the said regular term / trimester / semester-end examination. **The internal continuous assessment marks will be carried forward for the term / trimester / semester-end re-examination.** To be eligible to appear for term / trimester / semester-end re-examination, a student has to submit an online re-examination application available on student’s SAP portal. **A student who does not fill in online re-examination form will be denied permission to appear at the examination.**

It is the responsibility of such students to keep him/ her informed about such examination dates (time

table). If, in any case, students feels that he/she wants to improve their ICA, they are eligible to take re admission for the complete academic year. In case of re-admission, the earlier results will stand null & void and student cannot claim the credits of the course/s passed earlier. Students have to appear as fresh candidates for both Internal Continuous Assessment & Term End Examinations.

Only one re-examination will be conducted for each course immediately after declaration of results of final examination and there will not be any further re-examination for whatsoever reason.

Remedial classes would be organized by the School for all the students who fail to fulfil the passing criteria, before the conduct of the re-examination. However these remedial classes will be on demand from students and if a student registers for remedial classes, he / she is expected to maintain 100% attendance. If any student feels that he / she can manage without remedial classes, students can study on their own and appear for the re-examination, later on, such students cannot complaint, that their doubts were not cleared by faculty.

Note: Remedial classes will be conducted by the faculty on demand, if number of students are more than 10. Otherwise, students can get their doubts cleared from the faculty on one to one basis.

Progression to the subsequent year of the Programme (Semester Pattern)

A student who has failed to fulfil the passing criteria of odd semester's courses after re-examination, will be allowed to attend the classes and appear at the examination/ re-examination of even semesters. However, a student who fails to fulfil the passing criteria at the end of the academic year (Both the semesters) will not be permitted to progress to the next year of the program.

A student will be promoted to the subsequent year of the programme only when he/ she has no F grade at the end of the year after eligible re-examination/s.

In case, the student fails even in the re-examination/s of either odd or even semesters, which are so held, he/ she will not be promoted to the next year of the programme. Such student/s will have the following options:

- To seek readmission in the subsequent year for the entire academic year.

Or

- Appear for the Term end examination of the course/s in which the student has got "F" grade, in the subsequent year. In such a case, the ICA marks of the course/s will be carried forward of the previous year in which the student had got "F" grade. The student will be required to pay only the re-examination fees. In case of obtaining F grades even in this attempt, student will be given another re-examination chance to clear the same. In total, year-back students will have only two re-exam attempts during the academic year.

Grading System:

The University follows a letter grading system leading to the award of a Ten-Point Grade Point Average (GPA) for each term and Cumulative Grade Point Average (CGPA) for all the terms until date.

‘Letter grades’ and corresponding ‘grade points’ are as under:

Percentage of Marks		Grade	Points	Performance
90	100	O	10	Outstanding
80	89.99	A+	9	Excellent
70	79.99	A	8	Very Good
60	69.99	B+	7	Good
55	59.99	B	6	Above Average
50	54.99	C	5	Average
40	49.99	P	4	Pass
0	39.99	F	0	Fail
0	0	AB	0	Absent

Calculation of GPA (Grade Point Average):

Grade point Average for a term will be computed by dividing, the sum of product of grade point of each course/subjects and credit value assigned to each respective course by the sum of credits assigned to all the courses / subjects for the related term.

$$GPA = \frac{\sum CG}{\sum C}$$

Calculation of CGPA (Cumulative Grade Point Average):

Cumulative Grade Point Average up to and including a term will be computed by dividing the sum of product of grade point of each course / subject and credit value assigned to each respective course by the sum of credits assigned to all the courses / subjects up to and including the related term till date.

$$CGPA = \frac{\sum CG}{\sum C}$$

Here:

C = Credit value assigned to a course /subject

G = Grade point value assigned to a student for course / subject corresponding to the letter grade (refer table given)

GPA = Grade point Average shall be calculated for individual term and referred to as Semester/ Trimester Grade Point Average.

If a student has failed to fulfil passing standard under any head in any subject (i.e. ‘Semester/ trimester End Examination’ and/ or ‘aggregate’), he/ she shall be deemed to have failed in that subject.

General rules:

- 3.1.1 A student who remains absent from trimester / semester examination/s due to any reason in any Course shall be marked as 'AB' in the result/ grade sheet/ transcript for the Course/s in which he/ she has remained absent. All such students will be allowed to appear at re-examination in the said Course. A student who remains absent in the re-examination would not be able to avail any further re-examination chance.
- 3.1.2 In order to receive the degree, diploma, certificate, the student will have to pass all the examinations (Credit/Non-Credit) of all the years. Student should ensure that he/she has cleared his/her all dues from the respective departments like Admission, Accounts, Library, Hostel, etc. Also, mandatory admission documents are submitted.
- 3.1.3 Grievance Redressal (Revaluation/Verification of answer books): In case a student is not satisfied with the result/ grade received by him/her in a particular Course, he/ she may follow the 'Grievance Redressal Procedure' as given in part I of student resource book in case he/ she desires.
- 3.1.4 The fees for re-examinations and re-admission will be decided by the University from time to time.
- 3.1.5 In case of any disputes/differences, decision of the University shall be final and binding on the students. If a student desires to institute any legal proceedings against the University, such legal proceedings shall be instituted only in court at Mumbai in whose jurisdiction the application is submitted by the student and not in any other court.
- 3.1.6 Modification in criteria/rules: On the recommendation of the Board of Studies of the School and the Board of Examinations, the Academic Council shall have the sole discretionary right to modify all or any of the above criteria at any time without prior notice.

These rules would be applicable to all the students who took admission/re-admission in and after the academic year 2024-25.
