SCHOOL OF SCIENCE

Analytics Cell

EVENT 1

The Analytics Cell's (Navi Mumbai) first event was a webinar. The webinar was held on 25th July'20 on MS Teams for the students from School of Science (SOS). The webinar was conducted around the topic of what is done in the analytics industry and helped the student get an insight about what are the everyday problems in life of an analyst, a catastrophe modelling specialist and an actuarial analyst.

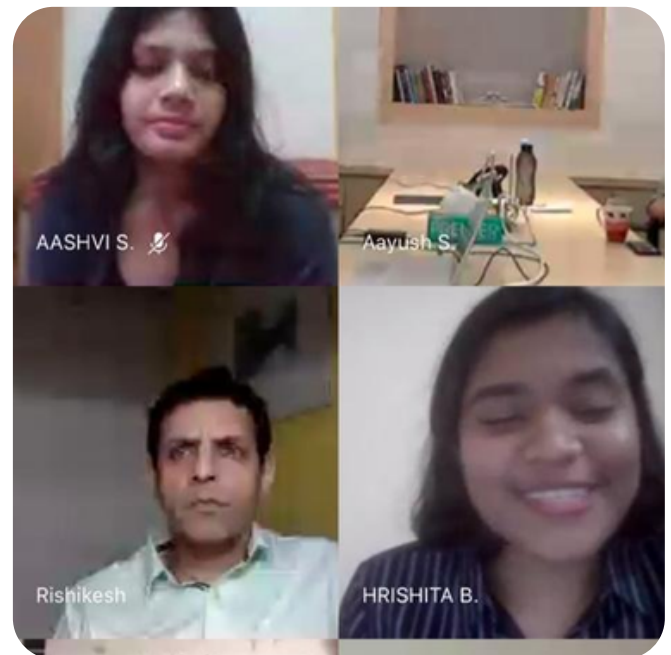

The guests included Ms. Chetna Sharma (HR Business Partner), Mr. Arindam Mukherjee (Manager, Talent Acquisition), Mr. Gautam Jha (Manager, Analytical Model Development), Mr. Abdul Nasir Sayyed (Manager, Model Research and Development), Ms. Shubhi Arora (Manager, Financial Advisory), Mr. Mayur Agrekar

(Senior Analyst, Financial Advisory) and Ms. Vrinda Aggarwal (Senior Analyst, Actuarial) from Willis Re.

The webinar was aimed towards discussion about the daily life challenges in the various interesting domains the guests work in. The session helped the attendees get an idea about what streams they can pursue further. The webinar was an enlightenment about the opportunities and scope of data science. Whether, from being a machine learning engineer to being a data analyst, the session was beneficial to all the audience who aspire to pursue something which has a strong foundation of statistics, mathematics and coding.

The webinar was a successful event and helped in the commencement of the Analytics Cell, SOS, Navi Mumbai.

ANALYTICS CELL

EVENT 2

The Analytics Cell's (Navi Mumbai) second event was in collaboration with the organization Mad Over Data (MOD). The webinar was held on 22 August'20 at 4pm on MS Teams for the students from school of science (SOS). The topic for the talk was Data Science/ Business Analytics: Overview, Application & Opportunities/ Analytics today, and tomorrow.

MOD conducts such seminars, webinars and panel discussions periodically. Renowned industry experts share their experience in these knowledge sharing sessions.

The discussion was aimed towards students and professionals from various backgrounds interested in understanding the applications and use cases of Analytics in different industries and functional areas. The honorary guests were Ashwin Malik Meshram (Managing Director for a US-headquartered Predictive Analytics and Artificial Intelligence firm Spinnaker Analytics), Aayush Shah (Mr. Aayush Shah is currently the Head of Analytics at a US based Machine Learning firm.), Rishikesh Deshpande (Mr. Rishikesh Deshpande is the CEO of a marketing & research analytics firm).

Our collaboration with MOD was successful beyond our imagination. The audience was more than what was expected. The amount of enthusiasm among the audience was great. Many of questions and answers were exchanged.

ANALYTICS CELL

EVENT 3

The event was conducted on 3rd October, 2020 at 4 pm. The topic for the talk was Applied Statistics. With around almost no time left to start preparing for a new battle line, that is entrance examinations for higher studies.

The QnA was aimed towards discussion about applied statistics, higher education and opportunities after undergrad school. The discussion was an enlightenment about the opportunities and scope of data science. Whether, from being a machine learning engineer to being a data analyst, the session was beneficial to all the audience who aspire to pursue something which has a strong foundation of statistics, mathematics and coding

When students are applying for graduate school, they are perplexed as to what they should take up as their major or what schools to apply or whether to study in India or abroad. This session definitely made it easier to navigate through myriad of options and make a decision. The QnA session was definitely an eye opener for the students of SYBsc and it was as informative as it could get.

Most participants were from the SOS.
